

WARNOCKED OFF

If you think it's '55 and your granny's still alive
You'll be Warnocked.

If you wander out at night and you give your kids a fright
You'll be Warnocked.

There are people after you and who do they listen to?
Mary Warnock.

You're a burden on the state and that's something that they hate
Just like Warnock.

If to hospital you go you must look out for the foe
Or be Warnocked

If your grub comes on a tray, then they take it all away,
You've been Warnocked.

If you want a right to life then get ready for the strife
Or be Warnocked.

We must organise or fall: all for one and one for all!
Don't be Warnocked!
